Events in the pipeline

- External Relations / Grants Office is organizing a **workshop series focusing on collaborative research, starting the discussions with calls from Vinnova, the Knowledge Foundation and Horizon Europe**. During 4 workshops, we will touch upon utilization and value creation, research in collaboration and various impact models. At the end of the series you will have the opportunity to get feedback on a project proposal of your choice. See you on the **second Wednesday of the month, between 11.30 - 13.00**. We offer a light lunch at the times we can meet in person.
Workshop #1: 15 Sep. Program: Jan Sandre (Vinnova) and Yvonne Fors (the Knowledge Foundation) talk about their perspectives on research collaboration and utilization. During the workshop, you get to develop your own Impact Model Canvas together with Johan Bornebusch.
Upcoming dates and themes:
 - 13 October: Research in collaboration
 - 10 November: Impact models
 - 8 December: Feedback on the application

The workshops will be held in Swedish, let us know if you need additional support to participate. We will have room for 12 people on site. It will also be possible to attend at a distance. To register for the workshop series, send an e-mail to grantsoffice@sh.se.
- We, supporting you at the Grants Office and in External Relations, look forward to meet you and to work with you!
