News from the Funders and from our Grants Office

- We are very happy to inform you that the JRC has just launched the **Call for Training-of-Trainers to increase the evidence-for-policy capacity among researchers in EU countries**. Participants completing the Training-of-Trainers (ToT) will be equipped to deliver a 2-day training course to researchers in their Member States, hence help the researchers have a bigger impact on policy. Candidates are required to apply in pairs. The course requires two 'local trainers':
 - one with minimum 5 years of experience in scientific research and
 - one with a minimum of 3 years' experience in group facilitation.The deadline for applications is **20 February 2022**. Please spread the news across your networks. You may either refer to the call on the Knowledge4Policy platform (please see link above) or share this [tweet](#).
- The European Commission signed Horizon Europe association agreements with five **Western Balkan countries** (Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia and Serbia), as well as with **Georgia** on 7 December. Researchers from these countries will be now able to participate on equal terms with their counterparts from EU member states.

Greetings
