News from the Funders and from our Grants Office

- **Södertörn University Open4Research Research Funding Database** – Open4Research is an online database that is continuously updated and contains announcements of research funds and funding opportunities from thousands of funders around the world. It is also possible to automatically monitor announcements of interest. Since October 1, 2021, Södertörn University has a subscription with Open4Research. **All employees of the University have access to the database.** If you have questions, or wondering about a specific call, you can contact us via grantsoffice@sh.se.
- **Utlysning – Samverkansfinansiering vid Södertörns högskola:** Södertörns högskola erbjuder nu medel för att underlätta och initiera samverkan med strategiskt utvalda externa parter. För att finansiera gemensamma satsningar i form av aktiviteter och projekt kan forskare/lärare vid SH nu söka initieringsmedel/planeringsbidrag tillsammans med externa organisationen. Upp till 150 000 kr kan sökas. Pengarna kan till exempel användas till att utveckla en gemensam ansökan eller projektidé kring forsknings- eller utbildningssamverkan och samverkan som kan bidra till tillgängliggörandet av kunskap eller innovation, eller planera för ett framtida samarbete. Det kan också användas till att testa nya modeller för utbildningssamverkan, att arbeta fram en uppdragsutbildning i samverkan eller skapa mötesplatser. Det finns två ansökningsomgångar, men alla medel ska förbrukas under 2022. För att undvika att lägga ner tid på att skriva en ansökan som inte matchar utlysningen föreslås ett möte (mail, telefon eller fysiskt möte) med en handläggare för samverkan för att stämma av projektidén ([Johanna Tollbäck](#) eller [Erik Falk](#)), eller ta kontakt genom samverkan@sh.se.
